WILDLIFE FROM THE HIDES

A complete hide system inside the reserve: fixed and mobile, floating and amphibious hides as well as car and boat hide, to get closer to a very great amount of species. Some of them have new generation special glasses that guarantee to photograph interesting animal's behaviour at a very good distance. Thanks to our expert naturalists that live in the reserve, every season new additional photographic hides can be activated; and that makes every expedition a unique experience!

Hoopoe - G. Ghezzi - June 2014

Kingfisher - R. Steel - May 2014

Hoopoe - M. Vigo - June 2014

WILDLIFE FROM THE HIDES

White-tailed Eagle hide - M. Biasoli

White-tailed Eagle - M. Biasoli - November 2013

White-tailed Eagle - M. Biasoli - November 2013

White-tailed Eagle - M. Valentini - June 2014

WILDLIFE FROM THE HIDES

White-tailed Eagle - M. Valentini - June 2014

White-tailed Eagle - R. Steel - May 2014

THE BOAT HIDE

A boat especially made to get closer to animals that are possible to find in the internal canals and lakes of the majestic Delta. A low angle and comfortable rotating seats allow to optimise at best shots of different species of pelicans, grebes and terns. The powerful gasoline engine is used to reach strategic places, then the electric engine is turn on to silently proceed and approach species.

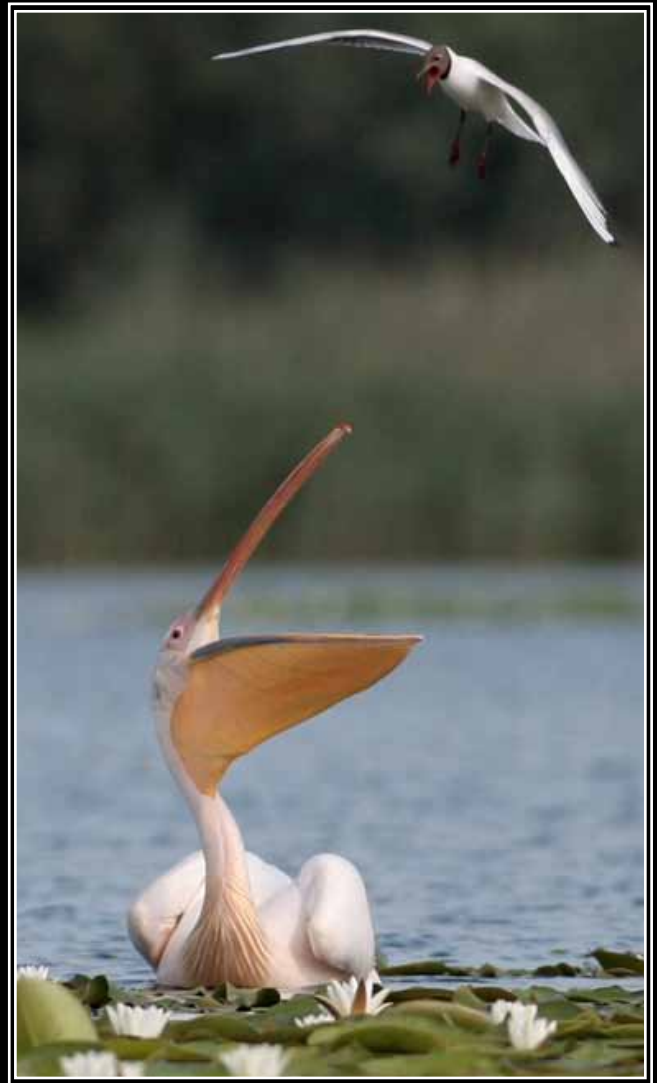

Boat hide - M. Biasoli

Boat hide - M. Biasoli

Lesser Black-backed Gull - M. Biasoli - June 2014

Little Gull - M. Biasoli - June 2014

Pallas and Caspian gulls - M. Biasoli - March 2014

JEEP EXCURSIONS

One of the aspects that makes Ultima Frontiera a unique place is its location: 85 km far from civilization, the reserve is surrounded by more than 15.000 hectarias of land, possible to explore by 4x4 comfortable pick up vehicles with vantage cushioned seats. Dunes systems, unbounded steppes, woods, floodmeadows and reedbeds can be easily reach to search for different species and situations, such us Paddyfield Warblers and Bearded Reedling, to complete the tour portfolio.

Jeep excursion - J. P. Girard - May 2014

Paddyfield Warbler - L. Boscain - May 2014

Reed Bunting - L. Boscain - May 2013
